

**Million Dollar Tan
MATERIAL SAFETY DATA SHEET**

**PRODUCT NAME/CATEGORY: Million Dollar Tan - Tan Icon Sunless
Tanning Solution 172-A061**

SECTION I

Manufacturer's Name: Million Dollar Tan
Address: 16692 Burke Lane Huntington Beach, CA 92647
Telephone Number: (949) 642-3000

This sheet has been prepared in accordance with the requirements of the OSHA Hazard Communication Standard.

SECTION II - Hazardous Ingredients

CHEMICAL NAME CAS # OSHA

PEL TLV-TWA

No Known Hazardous Ingredients.

SECTION III - Physical/Chemical Characteristics

Specific Gravity (H₂O = 1) Range: 0.96-1.04 Solubility in Water: Soluble
Appearance and Odor: Brown; Coconut Boiling Point: N/D

SECTION IV - Fire and Explosion Hazard Data

Flash point (Method Used): N/D

Flash point: N/D

Alcohol Content of Product: None.

Fire Fighting Procedures: Use dry chemical foam or CO₂.

Extinguishing Media: Use media proper to primary cause.

Unusual Fire and Explosion Hazards: Closed containers may explode (due to pressure build up) when exposed to extreme heat.

ACGIH FORMULA

Physical Hazards: None

Incompatibility (Materials to Avoid): Strong acids, strong bases, strong oxidizing agents and strong reducing agents.

Decomposition Materials: Oxides of carbon, oxides of nitrogen, oxides of sulfur (for hair dyes) and oxides of phosphorus.

Hazardous Polymerization: Not expected.

SECTION VI - Health Hazard Data

1. Effects of Acute Accidental Exposure:
 - Eye Contact: No data available but may irritate eyes in a selected portion of the population.
 - Skin Contact: No data available but may cause slight irritation in a selected portion of the population. Inhalation: No data available but may cause upper respiratory irritation.
 - Ingestion: No data available. In case of ingestion, contact local poison control center.
2. Effects of Chronic Exposure: These products have been used extensively by consumers and Million Dollar Tan is not aware of any significant adverse effects.
3. Emergency and First Aid Procedures

Eye Contact: No data available. However, if symptoms develop, flush with water for at least 15 minutes while holding eyes apart. If symptoms persist, seek medical attention.

Skin Contact: No data available. However, if rash or irritation occurs, wash exposed area with soap and water. If symptoms persist, seek medical attention.

Inhalation: No data available. However, if symptoms develop, immediately help individual away from exposure and into fresh air. If symptoms persist, seek medical attention.

Ingestion: No data available. In case of ingestion, contact local poison control center.

SECTION V - Reactivity Data

Stability: This material is stable under normal handling and storage conditions described in Section VII. Conditions to Avoid: Extreme heat or sun, freezing and open flame.

SECTION VII - Precautions for Safe Handling, Use and Storage

1. Containment, Clean up and Disposal of Spill: Product may be a slip hazard if spilled. Contain large spills with inert absorbent material. Sweep up and place in a closed container. Clean up residual material by wash area with hot water. Collect washings for disposal. Disposal should be in accordance with all applicable Local, State, and Federal regulations.
2. Storage: Store in a dry, well-ventilated area away from ignition sources and away from incompatible materials (see Section V). Expected shelf life if stored under optimum conditions is two years.

SECTION VIII - Control Measures

Engineering Controls: Overexposure is unlikely. Since all possible use parameters cannot be foreseen, the use of engineering controls (including dilution, ventilation and others) to reduce exposure may be necessary.

Eye Protection: For reasonable foreseeable uses of this product, eye and face protection is not required.

Protective Gloves: For reasonable foreseeable uses of this product, skin protection is not required.

Respiratory protection: For reasonable foreseeable uses of this product, respiratory protection is not required.

Work Hygienic Practices: Always follow good hygienic work practices. Avoid eye contact. Promptly clean up all spills.

DOT Class: Non-flammable toiletries.

SECTION IX - SPECIAL PRECAUTIONS AND COMMENTS

Precautions to be taken in handling and storing:

Information presented herein has been compiled from sources considered by the company, in good faith, to be dependable and is accurate and reliable to the best of our knowledge and belief. However, the company cannot make any warranty or representation respecting the accuracy of completeness of the data and assumes no responsibility for any liability or damages relating thereto or for advising you regarding the protection of your employees, customers or others.

Users should make their own tests to determine the applicability of such information or suitability of any products for specific use.

DO NOT FREEZE. DO NOT HEAT ABOVE 110 Degrees F. STORE AT AMBIENT TEMPERATURE.
